

CALIBRE Systems, Inc. (CALIBRE) and **VAST Data Federal** have been assessed as Awardable on the CDAO (Chief Digital AI Office, Department of Defense) Tradewinds Solutions Marketplace for our CALIBRE VAST Data Federal: AI Data Platform for the Future. This Awardable designation means our solution has met rigorous evaluation standards and is ready for rapid acquisition by DoD customers.

About Tradewinds Solutions Marketplace

The Tradewinds Solutions Marketplace is a digital repository of post-competition, readily awardable pitch videos that address the DoD's most significant challenges in AI/ML, data, and analytics.

The Solutions Marketplace Model is fully compliant with the SECDEF Memo entitled "Directing Software Acquisition to Maximize Lethality" (March 6, 2025) and the Executive Order entitled, "Modernizing Defense Acquisitions and Spurring Innovation in the Defense Industrial Base" (April 9, 2025).

All awardable solutions have been assessed through complex scoring rubrics and competitive procedures and are available to Government customers with a Marketplace account. Government customers can create an account at www.tradewindai.com. Tradewinds is housed in the DoD's Chief Digital Artificial Intelligence Office.

- DoDIN APL Certified - Tracking Number (TN) 2420501

About Our Solution

VAST Data's AI Data Platform is built to unify storage, compute, and data services into a single, scalable architecture—enabling real-time analytics, AI/ML workloads, and high-performance data access across cloud and on-prem environments. Its purpose is to simplify data infrastructure while accelerating mission-critical insights and innovation. CALIBRE is the first certified Federal Systems Integrator (FSI) services provider to help clients train and empower their own teams.
