

CALIBRE: Broadcom's Cleared Federal Delivery Partner

How We Help

As a Broadcom Expert Advantage Partner (EAP), CALIBRE accelerates VCF adoption across secure federal, defense, and regulated markets. Our team aligns Broadcom best practices with operational priorities to reduce risk, accelerate adoption, and maximize platform value. By bridging strategy and execution, we ensure Broadcom solutions are fully operationalized, scalable, and positioned for long term success.

CALIBRE is investing deliberately to remain a long-term federal implementation partner at scale, with over 7 years of experience supporting Broadcom technologies and continued rapid growth. The firm delivers capabilities across Private Cloud Modernization, Networking & Security, Kubernetes & Platform Engineering, AI and Private AI Enablement, as well as Managed Services & Optimization, positioning CALIBRE to support evolving federal mission needs end-to-end.
